13 Savings and Trust Company and were represented by Thatcher and
14 Woodburn and William Forman.

15 George B. Thatcher and William Woodburn, with William
16 Forman as counsel, represented Sierra Pacific Power Company,
17 successor to Truckee River General Electric Company, Bank of
18 Nevada Savings and Trust Company, Antelope Valley Land and
19 Cattle Company, and originally represented Antelope Valley
20 Mutual Water Company, which was subsequently represented by
21 Green and Lunsford.

22 This suit was referred to B. F. Curlier, appointed by
23 the Court on March 12, 1928, as Special Master in Chancery, to
24 take testimony in the suit and report to the court "as to con-
25 clusions of fact and of law and as to the form and substance
26 of the decree to be entered." Testimony was thereafter taken
27 by said Special Master and documentary evidence received. Be-
28 fore the completion of the taking of testimony said B. F. Curlier
29 resigned and Robert M. Price was appointed by the Court Spe-
30 cial Master in his stead with like instructions and powers as
31 those given to said B. F. Curlier. Upon the appointment and
32 qualification of said Robert M. Price as Special Master, fur-
ther hearings were had, the cause was argued by counsel for all

1 of the parties to the suit and on July 24, 1931, submitted for
2 decision. The Special Master thereupon prepared and sub-
3 mitted to the attorneys for the several parties to the suit,
4 a proposed report, findings of fact and conclusions of law
5 and decree, for the purpose of enabling corrections of des-
6 criptions and in other minor matters to be made. Thereafter
7 the cause was, at the request of the attorneys for the
8 several parties, reopened for the presentation of further evi-
9 dence respecting other rights than those which had been de-
10 termined in the proposed decree and further hearings were had
11 and evidence, oral and documentary, presented. Thereafter
12 the cause was further argued by counsel, corrections in and
13 additions to the proposed decree were made and the cause again
14 submitted to the Special Master. The Special Master thereupon
15 made his report to the Court, submitting proposed findings of
16 fact, conclusions of law and decree. Objections having been
17 made thereto by several parties to the suit, the Court ordered
18 a hearing at Carson City, Nevada, on May 22, 1933, at which
19 hearing arguments were presented at length by the attorneys
20 representing the several parties to the suit and the cause
21 was submitted to the Court for decision. The Court, on May
22 27, 1933, referred the matter to the Special Master to take
23 further testimony respecting claimed rights of certain parties.
24 Thereupon further hearings were had and redrafted findings of
25 fact, conclusions of law and decree were submitted to the Court.
26 The Court thereafter rendered an opinion upon the questions to
27 law involved in the suit and re-referred the matter to the
28 Special Master for redrafting of the findings of fact, conclu-
29 sions of law and decree. The Special Master, pursuant to
30 the direction of the Court, resubmitted to the Court and to
31 the attorneys for the several parties to the suit redrafted
32 proposed findings of fact, conclusions of law and decree.
Objections to the same were filed and argued before the

1 Court in San Francisco, California, and finally submitted
 2 on January 10, 1936. The Court, having considered the argu-
 3 ments of counsel and the evidence and having made its find-
 4 ings of fact and conclusions of law, orders, adjudges and de-
 5 crees as follows:

6
 7 RIGHTS OF THE UNITED STATES OF AMERICA

8 1. The plaintiff, United States of America, is hereby
 9 adjudged to be the owner of the several rights acquired by ap-
 10 propriation in and to the waters of Walker River for use upon
 11 Walker River Indian Reservation in the State of Nevada as set
 12 forth in the following tabulation, which shows in columns read-
 13 ing from left to right the years in which the several rights
 14 of appropriation accrued, the amounts of water expressed in
 15 cubic feet per second at the point of diversion acquired in
 16 such years respectively, and the number of acres irrigated
 17 under such appropriations.

18 <u>Priority</u>	<u>Cu. Ft. per Sec.</u>	<u>Acres irrigated</u>

24 RIGHTS OF DEFENDANTS RECOGNIZED IN DECREE NO. 731.

25 II. The parties defendant to this suit, or their suc-
 26 cessors in interest, hereinafter in this paragraph II. mentioned
 27 whose rights were adjudicated for them, or their predecessors
 28 in interest, in the decree of this Court in the suit entitled,
 29 "Pacific Livestock Company, a corporation, Plaintiff, vs. T. B. Rick-
 30 ey, et al, Defendants" in Equity No. 731, are hereby severally
 31
 32

1 adjudged to be the owners of certain rights acquired by appro-
 2 priation in and to the waters of Walker River and/or its tribu-
 3 taries and are hereby decreed the rights as appropriators as
 4 set forth in the following tabulation, which gives in separate
 5 columns reading from left to right, the name of the present
 6 owner of an existing right, the name of the stream from which
 7 the appropriation was made, the year when the right of appro-
 8 priation accrued, the amount of water expressed in cubic feet
 9 per second to the use of which the owner is entitled at the
 10 point of diversion, the number of acres irrigated by such
 11 water and the description of the land to which the appropriated
 12 waters have been conducted or applied to a beneficial use.

13 All of the land below described is situated in townships
 14 north and ranges east of Mount Diablo Base and Meridian and
 15 the designation "M. D. B. & M." is made a part of each descrip-
 16 tion of land as fully as if specifically set forth. Where
 17 the number of acres described under the several priorities
 18 is in excess of the number of acres irrigated, it is under-
 19 stood that the number of acres irrigated are included in the
 20 specific description of the land and that the land to be ir-
 21 rigated from the several priorities is the number of acres
 22 specifically set forth under "No. of acres irrigated".

8 fixed hereby.

23 gard to the relative rights and priorities herein set forth; and
24 each of the said parties is hereby enjoined and restrained from
25 ever taking, diverting, carrying away, or otherwise using or claim-

30 upon their several lands the waters so adjudicated to them.

1 XII. This decree shall be deemed to determine all of
2 the rights of the parties to this suit and their successors in
3 interest in and to the waters of Walker River and its tributaries,
4 except the undetermined rights of Walker River Irrigation District
5 under its applications to the State Water Commission of the State
6 of California and the undetermined rights of the applicants for
7 permits from the State Engineer of the State of Nevada hereinabove
8 specified, and it is hereby ordered, adjudged and decreed that
9 none of the parties to this suit has any right, title, interest
10 or estate in or to the waters of said Walker River, its branches

24 said parties to rotate the use of said water or to combine or ex-
25 change the use thereof, having due regard to the priorities herein

28 shall appoint a Water Master, who shall be charged with the duty
29 of apportioning and distributing the waters of the Walker River,
30 its forks and tributaries in the State of Nevada and in the State
31

20 Nevada and in the State of California, according to the acreage
21 of the lands irrigated under this decree, including stored water
